Mr. Scatuccio and members of FSSK,

I don't know how to thank you enough for your very generous donation to our outreach to our neighbors in need, the **Bread From Heaven Cafe**. The funds come to us at a time of great need when we have had to reach out through a social media campaign for FUNDRAISER to sustain our charitable programs.

We are very happy that we have your support for our charitable outreach, with resources that will enable us to provide daily food packages to the neediest, disabled and the homebound who have no means of transportation.

Even though we do not operate the SOUP KITCHEN of **Bread From Heaven Cafe** we started seven years ago, we continue to provide daily food packages with the food donations we receive from sponsors and supporters like your group.

I am very happy to share with you that we have several very dedicated volunteers from your FSSK community and some of them have been with us from Day One when we started the SOUP KITCHEN.

Over the years I have come to know and become friends with so many good men who are members of your club and the FSSK community. I highly value your friendship and respect and admire your dedication to so many of the noble programs you support.

Once again, thank you all
Sincerely,

Milan Berek
